Professional Summary

Acquia Certified Drupal Developer with 12+ years of experience leading enterprise-scale Drupal (8, 9, 10) development, migrations, and integrations. Proven expertise in Drupal 10 migrations from Sitecore, building custom modules, cloud integrations with Azure Blob Storage, and CI/CD automation with Jenkins. Experienced in headless Drupal, API integrations, and enterprise search using Elasticsearch. Adept at mentoring teams, enforcing best practices, and delivering scalable, high-performance web applications.

Core Competencies

CMS & Frameworks: Drupal 8/9/10, Sitecore (migration), WordPress
Programming: PHP, MySQL, JavaScript, jQuery, Twig, HTML5, CSS3
Cloud & Search: Microsoft Azure (Blob Storage), Elasticsearch
CI/CD & DevOps: Jenkins, Composer, Drush, Git, Docker
Integrations: GoToWebinar API, HubSpot, REST, SOAP, XML
Other Tools: Acquia Site Studio, ACSF, Pantheon, SVN, PHPUnit

Professional Experience

Tech Lead – Drupal

SpecialChem | Oct 2024 – Present

- Leading migration of enterprise sites from Sitecore to Drupal 10, including taxonomy, content, and media.
- Designing custom migration plugins to fetch JSON from Azure Blob Storage and enrich data with Elasticsearch metadata.
- Integrating Azure Blob Storage with Drupal media workflows for efficient storage and delivery of images, PDFs, and webp derivatives.
- Automating deployments with Jenkins pipelines, including build, test, and Drush commands for image derivative regeneration.
- Implementing GoToWebinar API workflows for webinar setup, registration, and integration with marketing tools.
- Mentoring developers, enforcing Drupal best practices, and establishing coding standards.

Senior Drupal Developer

Hogarth | Jul 2021 – Oct 2024

- Led Drupal 8 to 9 migrations for enterprise sites.
- Built custom modules to implement business features and integrate APIs.
- Mentored team members and conducted code reviews.
- Automated builds and deployments using Jenkins and Drush.

AL2 Drupal Technology

Publicis Sapient | Mar 2018 – Jul 2021

- Developed enterprise Drupal platforms, focusing on Drupal 8/9 migrations and custom features.
- Supported solution design, architecture, and development of APIs (REST, JSON, SOAP).
- Participated in automated deployment pipelines and Agile ceremonies.

Senior Software Engineer

Wildnet Technologies | Mar 2017 – Mar 2018

- Implemented Drupal site architecture, themes, and features.
- Ensured performance, scalability, and availability of large-scale Drupal applications.

Earlier Roles:

- Associate, Publicis Sapient | 2016
- Drupal Developer, Webtech IT Solution | 2015 – 2016
- Senior PHP Developer, Matrix Infologics | 2014 – 2015
- PHP Developer, SoftProdigy | 2012 – 2014
- Associate Software Engineer, Indivar Software Solutions | 2011 – 2012

Education

Master of Computer Applications (MCA) – Apeejay Styra University, 2008 – 2011 (Scored 76%)

Certifications

- Acquia Certified Drupal Developer (Drupal 8)
- Drupal 9 Essential Training: Taxonomy, Media & Modules – LinkedIn

Selected Skills

Drupal 8/9/10 • Sitecore Migration • Azure Blob Storage • Jenkins • Elasticsearch • GoToWebinar API • PHP • MySQL • JSON:API • Git • Composer • Drush • Web Services (REST/SOAP/XML) • Acquia Site Studio • Pantheon
